Frequently Asked Questions (FAQs) on Aadhaar Payment Bridge (APB) System

1) What is Aadhaar number?

It is a 12 digit unique identification number that stores demographic and biometric information of the resident with photograph issued by Unique Identification Authority of India (UIDAI) on behalf of Government of India. Aadhaar serves as a proof of identity and address, anywhere in India.

2) What are the features of an Aadhaar number?

Aadhaar number is a 12 digit unique identification number which never starts with “0” and “1”. The last digit of the Aadhaar number is a check sum digit.

3) Who is eligible for Aadhaar number?

Any individual, irrespective of the age and gender, who is a resident of India and satisfies the verification process laid down by the UIDAI can enrol for Aadhaar number.

4) Is Aadhaar number enrolment mandatory?

No. Aadhaar enrolment is not mandatory.

5) Can an individual enroll for an Aadhaar number more than once?

No. Each individual needs to enroll for Aadhaar number only once.

6) Is there any validity period of the Aadhaar number?

No. Each Aadhaar number issued will be unique to an individual and will remain valid for lifetime.

Registered Office: C-9, 8th Floor, Reserve Bank of India Premises,
Bandra Kurla Complex (BKC), Bandra East, Mumbai - 400 051

7) Whether Aadhaar number requires renewal after a certain period of time?

No. Aadhaar number once issued will remain valid for lifetime.

8) Are there any charges for Aadhaar enrolment?

No. There are no charges for Aadhaar enrolment for an individual.

9) Whether Aadhaar number is also issued to companies, trusts, HUFs etc.?

No. Aadhaar number is issued only to individuals.

10) Why should I get Aadhaar Number?

Aadhaar number will help you provide access to banking services, mobile phone connections, benefits & subsidies of various Government schemes etc. and other non-Government services in due course of time.

11) How do I go about getting Aadhaar number?

You should go to the nearest enrolment agency, submit the duly filled in application form along with identity and address proof. The enrolment agency will capture your demographic details along with photograph, finger prints and iris scan for Aadhaar number enrolment.

12) Is it enough to get the Aadhaar number for getting the Government benefits and subsidies?

No. Once a customer receives his/her Aadhaar number, he/she needs to submit an application along with a copy of the Aadhaar Card to the bank branch where he/she is maintaining an account. The bank branch seeds the Aadhaar number in the customer account details maintained in the Core Banking System of the bank, thus making the account as Aadhaar Enabled Bank Account (AEBA).

Registered Office: C-9, 8th Floor, Reserve Bank of India Premises,
Bandra Kurla Complex (BKC), Bandra East, Mumbai - 400 051

13) What is DBT (Direct Benefit Transfer)?

DBT (Direct Benefit Transfer) is a scheme launched by Government of India to transfer the benefits and subsidies of various social welfare schemes like LPG subsidy, MNREGA payments, Old Age Pension, Scholarships etc. directly in the bank account of the beneficiary.

14) What is DBTL (Direct Benefit Transfer for LPG Subsidy)?

DBTL (Direct Benefit Transfer for LPG Subsidy) is a scheme which provides the LPG subsidy amount applicable on the domestic LPG cylinder directly into the consumer's bank account. At the time of LPG cylinder delivery, consumer will have to pay the full price of the LPG cylinder.

15) What is Aadhaar Payment Bridge (APB) System?

It is a unique payment system implemented by National Payments Corporation of India (NPCI), which uses Aadhaar number as a central key for electronically channelizing the Government subsidies and benefits in the Aadhaar Enabled Bank Accounts (AEBA) of the intended beneficiaries.

It is a payment system based on Aadhaar numbers issued by UIDAI & IIN (Institution Identification Number) issued by NPCI. APB System is used by the Government Departments and Agencies for the transfer of benefits and subsidies under Direct Benefit Transfer (DBT) scheme launched by Government of India.

16) Why is Aadhaar Payment Bridge (APB) System required?

The APB System sub-serves the goal of Financial Inclusion and provides an opportunity to the Government to attempt financial re-engineering of its subsidy management program. The implementation of APB System has also lead to electronification of a large number of retail payment transactions which were predominantly either in cash or cheque.

Registered Office: C-9, 8th Floor, Reserve Bank of India Premises,
Bandra Kurla Complex (BKC), Bandra East, Mumbai - 400 051

17) What are the benefits of Aadhaar Payment Bridge (APB) System?

- ❖ Eliminates inordinate delays, multiple channels & paper-work involved in the existing system.
- ❖ Transfers benefits & subsidies in a seamless & timely manner and directly into the Aadhaar Enabled Bank Account.
- ❖ In case of change in bank account, customer is not required to convey the bank account details or change in bank details to the Government Department or Agency.
- ❖ Customer not required to open multiple bank accounts for receiving benefits and subsidies of various social welfare schemes - Customer just need to open one account and seed his/her Aadhaar number in the bank account to start receiving benefits and subsidies directly into his/her Aadhaar Enabled Bank Account.

18) What is an IIN (Institution Identification Number) and what is its significance?

IIN is a unique 6 digit number issued by NPCI to every APB System participating bank and is used to uniquely identify a bank to which the APB transaction has to be routed in the Aadhaar Payment Bridge (APB) System.

19) What is an Aadhaar Enabled Bank Account (AEBA)?

Bank account seeded with Aadhaar number of the customer in the Core Banking System (CBS) of the bank becomes an Aadhaar Enabled Bank Account (AEBA).

20) Does the customer need to have a bank account for availing benefits & subsidies through APB System?

Yes, the customer needs to have a bank account for availing the benefits & subsidies through APB System.

Registered Office: C-9, 8th Floor, Reserve Bank of India Premises,
 Bandra Kurla Complex (BKC), Bandra East, Mumbai - 400 051

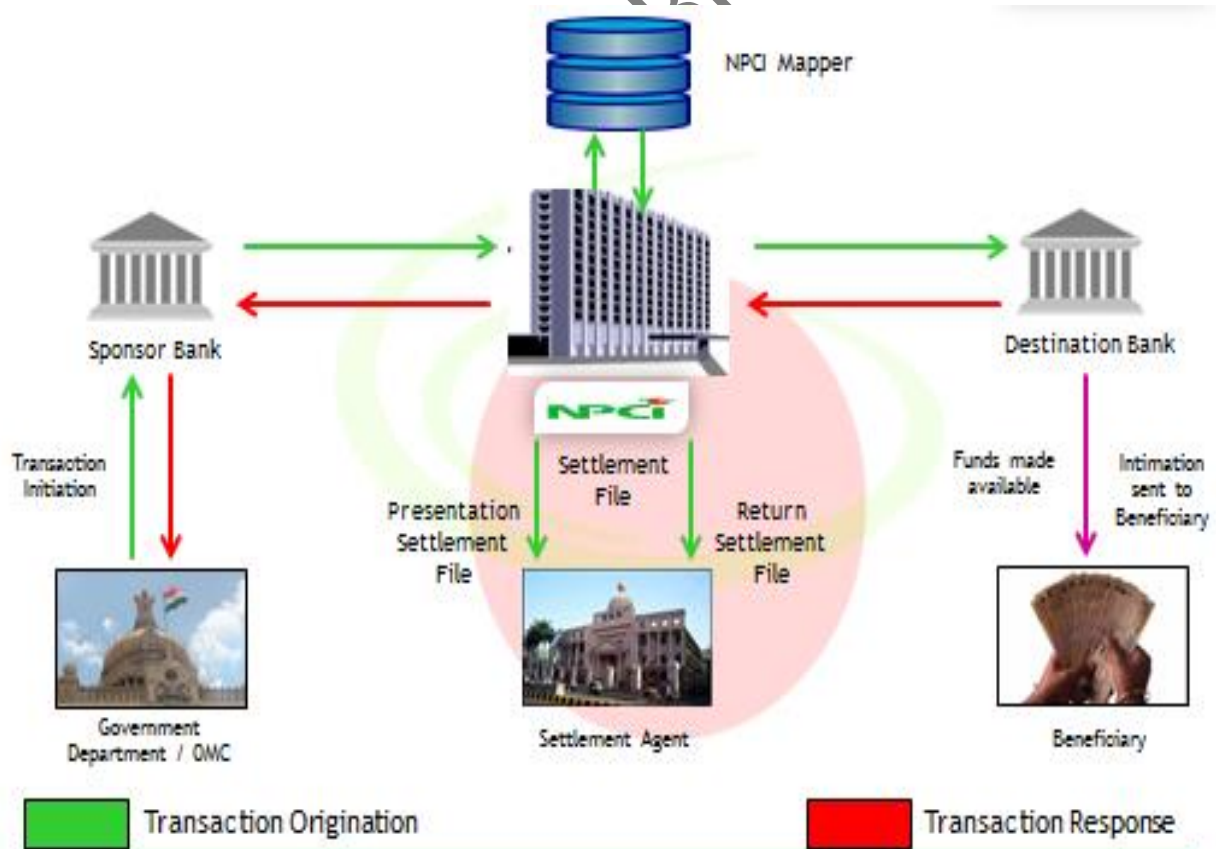

21) What is the benefit of an Aadhaar Enabled Bank Account (AEBA)?

Once an account of the APB System participating bank becomes Aadhaar enabled, it can receive benefits and subsidies remitted by the Government Departments and Agencies to the beneficiary.

22) How Aadhaar Payment Bridge (APB) System works?

Aadhaar Payment Bridge (APB) System, one of the unique payment systems implemented by NPCI, uses Aadhaar number as a central key for electronically channelizing the Government benefits and subsidies in the Aadhaar Enabled Bank Accounts (AEBA) of the intended beneficiaries.

23) What is the process flow of Aadhaar Payment Bridge (APB) System?

Registered Office: C-9, 8th Floor, Reserve Bank of India Premises,
Bandra Kurla Complex (BKC), Bandra East, Mumbai - 400 051

24) What is NPCI mapper?

NPCI mapper is a repository of Aadhaar numbers maintained by the APB System and used for the purpose of routing the APB transactions to the destination banks. The NPCI mapper contains Aadhaar number along with IIN of the bank to which the customer has seeded his/her Aadhaar number.

25) How NPCI receives the customer's Aadhaar number?

APB System participating banks after receiving the Aadhaar number from the customer seeds the same into the bank account details of the customer maintained in the Core Banking System and subsequently uploads such Aadhaar numbers' into the NPCI mapper on a regular basis.

26) Why NPCI maintains repository of customers Aadhaar numbers' at its end?

Aadhaar numbers along with the IIN of the bank are required to be stored in NPCI mapper to identify the destination bank for routing the benefits and subsidies to the intended beneficiaries.

27) Does NPCI maintains bank account details of the customers in NPCI mapper?

No. NPCI does not maintain bank account details of the customers like account number, IFS code and branch address etc. of the customer in NPCI mapper.

28) Does APB System works on all days?

No. APB System does not work on all days. APB System remains closed on Sundays and RTGS holidays declared by Reserve Bank of India from time to time.

29) What happens when a customer seeds his/her Aadhaar number in multiple bank accounts?

In case, a customer seeds his/her Aadhaar number in multiple bank accounts, the previous mapping if any in the NPCI mapper, gets overwritten by the fresh seeding of the Aadhaar number.

Registered Office: C-9, 8th Floor, Reserve Bank of India Premises,
Bandra Kurla Complex (BKC), Bandra East, Mumbai - 400 051

The customer Aadhaar number will get mapped in NPCI mapper to the bank in which he/she has given the Aadhaar number at the last. NPCI mapper uses the latest IIN of the bank in which the customer has seeded his/her Aadhaar number to transfer benefits and subsidies in his/her bank account.

30) How can a customer know the mapping status of his/her Aadhaar number in NPCI mapper?

Customers can check the Aadhaar number mapping status in NPCI mapper by dialling *99*99# on any GSM mobile. Additionally, LPG consumers can also check the Aadhaar number mapping status by visiting the transparency portal of the respective OMCs (Oil Marketing Companies) website.
